Drawn 2 Success

A 'hands-on'

Professional Development Workshop

Visual Language is INCLUSIVE, ENGAGING and EASY to learn and use! It opens doors to deeper understanding, invites dialogue and discussion AND helps everyone stay focused, on track and 'in the know'. You'll learn how to use it in a multitude of applications—to capture info highlights; to simplify complex ideas and information; to help people 'think' better; to bring global understanding; to help visualize a problem and potential solutions; to work together better; to plan for success; and so much more!

Drawn 2 Success Workshop

Positive Culture Company

Who is leading this workshop and what's in it?

Hello! **Rob and Laurie Benn** here! We are a husband and wife team who work together in the Positive Culture Company, based out of Medicine Hat, Alberta.

We have been providing graphic facilitation and visual language services to individuals and groups in the private and non-profit sectors locally, nationally and internationally since 1998. Visual Language is expanding globally as more and more groups and individuals experience its incredible value in helping people navigate and grow in our fast-paced, info-noisy world!

We are **PASSIONATE** about spreading **'Visual Language'** far and wide as it is such a tremendously powerful communication tool that works with so many people within so many contexts—from young to old and across all sectors—bridging gaps, building understanding and improving memory.

'Drawn 2 Success' is designed to introduce you to the world of visual language and is packed full of opportunities to experience it in a safe, non-threatening environment of fellow learners. With non-toxic markers in hand and large sheets of wall-mounted paper, you will spend an uplifting day with your colleagues exploring:

- Basic Visual Language vocabulary
- Simple visual design and layout elements
- Practical Applications, Templates and Beyond
- Tools and tips for getting started

... and more!!

What are Teachers saying?

"Great learning - application opportunities - this has been a very informative and practical session! I am excited to start using it right away!"

"Very great PD - Super engaging and informative!"

"This presentation opened my mind to a never-ending treasure chest of possibilities for my own learning and that of my students."

"This was a blast! A lot of great ideas to use in the classroom."
